

Indian Institute of Technology Indore

Discipline of Biosciences and Biomedical Engineering

Organizes

1st In-house Symposium on

Advances in Biosciences and Bioengineering PerkinElmer[®]

February 23, 2019

Sponsored by PerkinElmer

About IIT Indore

Indian Institute of Technology Indore (IITI) located at Simrol, Khandwa Road, Madhya Pradesh, is one of the eight new IITs established by the Ministry of Human Resource Development (MHRD), Government of India in 2008-09. In 2017, IIT Indore was ranked 15th amongst all engineering universities and institutions in India and a very impressive 5th in teaching and resource category by MHRD as per NIRF 2017. Recently, IIT Indore debuted with a rank of 351-400 in the Times Higher Education World University Rankings, 2019, 2nd among Indian institutes.

About the symposium

The 1st in-house symposium of BSBE focuses on bringing together research scholars (PhD / MSc / MTech) and faculty members of IIT Indore who are working in the interdisciplinary areas of biosciences and biomedical engineering to discuss recent progress as well as share ideas on open questions. The symposium will also act as a platform for creating awareness on research capabilities of the research groups so that collaborative ideas and solutions to societal problems can be explored. The symposium will witness a scientific program with an interesting display of dynamic talks, and an interactive poster session. We encourage participation by all BSBE members including Students, Postdoctoral fellows, Scientists and Faculty members.

Discipline of BSBE

The Discipline of Biosciences and Biomedical Engineering (BSBE) is a center of excellence established in 2012 that focuses on research in multidisciplinary areas of Biosciences and Biomedical Engineering. The BSBE group aims to be internationally recognized in bio-related research and aspires to create an ambience for the smooth pursuit of scholarly activities in research and training, leading to novel innovations, in addition to carrying out fundamental studies in life sciences. With the application of engineering principles, design concepts of biology, medicine and other sciences, the BSBE group desires to devote its energy and expertise towards translational research in the areas of Bioengineering.

Keynote Speaker

Dr. Sanjeev Shukla

Wellcome Trust/ DBT India Alliance Intermediate Fellow
Associate Professor,
Dept. of Biological Sciences,

Indian Institute of Science
Education and Research,
Bhopal, India.

Expertise: Interplay Between Epigenetic Changes
And Alternative Pre-mRNA Splicing In
Tumorigenesis

Tentative Program

8:45 AM-9:30 AM	Breakfast
9.30 AM-10.30 AM	Inaugural Key Note Talk
10.30 AM-11.00 AM	Talks by Research Scholars
11:00 AM-11:15 AM	Tea Break
11:15 AM-12:45	Talks by Research Scholars
12.45 PM-2.30 PM	Lunch and Poster Session
2.30 PM-4.00 PM	Talks by Research Scholars
4:00 PM-4:15 PM	Tea Break
4:15 PM-4:45 PM	Talks by Research Scholars
4.45 PM-5 PM	Valedictory Function

Venue

Helium Building (SB-309), IIT Indore
